work again to put Company H on its feet. Time was when H company was the best disciplined and best diffiled company in the guard, but shortly before its recent slump B company of Ogden took away this honor. Since Col. Plummer took charge of the line officers H company has shown a disposition to come back to life, and work again to its old standard. In the meeting tonlight there will be present many former members. It is the intention to muster, issue equipment, and hold a first drill, preparatory to getting into shape for the annual inspection.

seems not to be taken generally in the labor union circles.

Their opposition is, however, expressed mostly in efforts to keep their members from joining, and then making it unpleasant for them when they finally enlist. Despite this occasional opposition the guard is gaining in numbers and it is expected that the second company will soon be ready to stand inspection. The southern companies are recruiting rapidly now, with the view of strengthening their commands a long time before the annual encampment in order to turn out in well seasoned condition next fall.

"The Smoot investigation has broken the back of the anti-Mormon agitation," said Mr. Peet today. "The action of the senate in seating Mr. Smoot is generally looked upon as being entirely right and proper, in view of the circumstances, notwithstanding the vicious attacks upon and falsehoods told about the people of this state by the coterie of reverend gentlemen now lecturing in the east on the subject of Utah and the Mormons. Revs. Fink, Nutting, Hans Freeze, T. C. PRAISE FOR STUDENTS.

"I found the Utah students in Phila delphia and Baltimore to be the clean-est lot of young people in any of the colleges, they stand highest in their colleges, they stand highest in their studies, they are gentlemanly in every respect, and they always have a good word for Utah. Mrs. Josephine Booth Woodruff's lecture, on "Social Life in Utah." delivered before the Liberal league in Phitadelphia two or three weeks ago, was a great success, and Mrs. Woodruff has received numerous invitations to deliver this and other lectures in other cities of the east.

WILL LECTURE. "I am pleased to get back to Salt Lake," said Mr. Peet, "I expect to remain her about a month before re-turning east, and shall deliver an il-lipstrated lecture in various cities, re-producing exactly the talks being made by Nuting, Hiff, and others and show here they are sandering the people of ow they are slandering the people this state before the audiences of the cast. street, so that in a comparatively short time the entire thoroughfare will be built up on both sides of the street. Cutier Bros. began clearing away this morning the old buildings that were erected long before Richards street was ever thought of, on their 50-foot lot on the east side of the street, near the marble yard. It is the intention of the owners to erect there a two-story building covering the entire frontage and extending back to connect with the present two-story building owned by the Cutier Bros. facing on the News building alley. The latter building will be extended 7½ feet to the south, thus making one solid building 50 feet front and 140 feet deep; the expense of the entire improvement being \$12,000. The firm will use the second floor for warehouse and sales purposes. POSTOFFICE PROMOTIONS.

The Manti temple will close March 29, and reopen Wednesday morning, April 10, 1907, at 9 o'clock.

LEWIS ANDERSON, December 19 o'clock and Provident

The United States civil service commis sion has announced that an examination for clerk carrier (male) will be held in this city on April 27. The commission has been advised by the postoffice department that clerks in offices of the first and second class and carriers in the city device of the first and second class and carriers in the city device of the first and second class and carriers are divided into six grades as follows; First grade, salary, 160; second grade, 580; third grade, salary \$1,200. Clerks and carriers at first class offices will be promoted successively to the fifth grade and clerks and carriers at second class offices will be promoted successively to the fourth grade.

All promotions of both clerks and carriers will be made at the beginning of the fourth grade.

All promotions of both clerks and carriers will be made at the beginning of the quarter following the expiration of a year's service in the next lower grade. No promotion will be made except upon evidence satisfactory to the postoffice department of the efficiency and faithfulness of the employe during the preceding year. When a clerk or carrier falls of promotion because of unsatisfactory service, he may be promoted at the beginbeen advised by the postoffice depart-

ning of the second quarter thereafter of of any subsequent quarter, on evidence that his record has been satisfactory during the intervening period. Clerks and carriers of the highest grade in their respective offices are eligible for promotion to the higher position in said postoffices. Any clerk is eligible for transfer to the service of a carrier, and any carrier is eligible for transfer to the service of a carrier, and any carrier is eligible for transfer to the service of a carrier. Fearful Case of Neglect Revealed in Home of Mrs. Isenhauser.

Officer Carlson was sent to the scene and found the woman iring on the floor in a beastly state of intoxication while in the room were five little children in rags and suffering from hunger. A baby was lying on a bed of fittny rags, gasping for breath, and apparently near to its death.

As soon as officer Carlson entered the and as cierks and carriers of the first grade.

The above will be effective July 1. 1891.
The commission has experienced considerable difficulty in securing male eligibles for postofinees on the Pacific coast and particularly in this city, on account of the low rate of wages paid. This is particularly true of the position of male cierk. In view of the fact that there is now a better line of promotion spen to cierks and carriers at first and second class free delivery offices it is hoped that a larger number of applicants will appear for examaintion. Persons who desire to compote should at once apply to the secretary of the Twelfth civil service district, room 24t, Postoffice building, seventh and Mission streets. Sam Francisco, Cal., or to the local secretary of the beard of civil service examiners at the postoffice in this city.

near to its death.

As soon as Officer Carlson entered the place the drunken woman began to curse him and ordered him away. Carlson telephoned to Dr. Pinkerton who responded at once. The physician said the baby must have immediate attention to save its life. Dr. E. G. Gowans, the recently appointed judge of the juvenile court, was communicated with the recently appointed judge of the juvenile court, was communicated with and he telephoned to Mrs. Young, probation officer of the court and told her to take charge of the child. Mrs. Young said she was unable to attend to the matter until this morning. Shortly after midnight two nurses from the Deaconesses' home went to the place to render what assistance they could.

In Ogden heroic measures are being taken to organize a second company, but for some reason union labor elements make life unpleasant for any of their number who join the guard, and seem to hold a fear that the guard will some time be utilized by capitalistic forces which they are opposing to injure them as a laboring class. The view that themation looks to each state to drill and equip its young men so that they may learn something of the art of warfare to use in case of a national emergency, seems not to be taken generally in the labor union circles.
